POLK'S

INDIANA

STATE GAZETTEER

AND

BUSINESS DIRECTORY.

1884-85.

VOLUME III.

PRICE, FIVE DOLLARS.

Ic
917.72
P75
1884-85

ISSUED BIENNIALLY BY

R. L. POLK & CO., INDIANAPOLIS, IND.,

40 LARNED STREET WEST, DETROIT, MICH.; 150 DEARBORN ST,, CHICAGO, ILL.; LEDGER BUILDING, PHILADELPHIA, PA.; 22 N. FOURTH ST., ST. LOUIS, MO.

Entered according to an act of Congress, in the year 1884, by R. L. POLK & Co., in the office of the Librarian of Congress, at Washington, D. C.

Allen County Public Library
900 Webster Street
PO Box 2270
Fort Wayne, IN 46801-2270

PREFACE.

In presenting this the third volume of the Indiana State Gazetteer and Business Directory, the publishers feel confident that it will meet with the same approval accorded former issues, and that it differs from its predecessors in being superior and more correct.

The present volume contains 1200 pages of printed matter, giving the name and postoffice address of 65,000 firms and individuals engaged in business, trades and professional pursuits throughout the State, which are arranged in alphabetical form in each town, and supplemented with a descriptive sketch of each postoffice in the State, which embraces the location, population, distance to different points, the most convenient shipping station, nearest bank location, trade statistics, etc.

A very important feature of the work is the Classified Directory, which comprises lists of all Trades, Professions and Pursuits in the State, arranged in a concise and comprehensive form. In point of fact, the Indiana State Gazetteer and Business Directory contains such a fund of general and miscellaneous information, that no one having respect for the information represented should permit himself to be without this valuable work.

The Publishers extend thanks to those who have rendered valuable assistance in gathering information and data, and especially to the postmasters throughout the State who have so promptly responded to communications and forwarded the desired information. Thanks are also tendered the many advertising patrons of the work.

WAYNE CO.—Richmond the county seat. Clerk, William H. Slater. Sheriff, Isaac Alexander Gorman. Treasurer, Peter P. Kirn. Auditor, Thaddeus W. O. Braffett. Recorder, James W. Wilson. Coroner, James E. Taylor. Surveyor, Addison H. Study.

WELLS CO.—Bluffton the county seat. Clerk, John H. Ormsby. Sheriff, Marcellas M. Justus. Treasurer, James P. Deam. Auditor, Naaman T. Miller. Recorder, Erastus B. McDowell. Coroner, Warren W. McBride. Surveyor, Taylor W. Barton.

WHITE CO.—Monticello the county seat, Clerk, Samuel P. Cowger. Sheriff, Joseph W. Stewart. Treasurer, Madison T. Didlake. Recorder, James P. Simmons. Coroner, Robert J. Clark. Surveyor, Alfred R. Orton. Auditor, Henry Van Voorst.

WHITLEY CO.—Columbia City the county seat. Clerk, James M. Harrison. Sheriff, Franklin P. Allwein. Treasurer, Oliver P. Stewart. Auditor, Manfred D. Yontz. Recorder, Caspar W. Lamb. Coroner, Charles S. Williams. Surveyor, Herman A. Hartsock.

1358804

INDIANA COLLECTION LAWS

Actions.—Must be brought in the name of the real party, in interest. The distinction between actions at law and suits in equity is abolished, and a single form denominated a civil action is substituted.

Arrest.—No imprisonment for debt except in cases of fraud.

Attachment.—May issue upon proper affidavit and bond when action is for the recovery of money in the following cases: (1) Where a defendant is a foreign corporation, or a non-resident of the State; or, (2) Where a defendant is secretly leaving, or has left the State, with intent to defraud creditors; or, (3) so conceals himself that summons can not be served upon him; or, (4) is removing, or is about to remove his property, subject to execution, or a material part thereof, out of the State, not leaving enough to satisfy plaintiff's claim; or, (5), has sold, conveyed or otherwise disposed of his property, subject to execution; or suffered, or permitted to be sold, with the fraudulent intent to cheat, hinder or delay his creditors; or, (6) is about to sell, convey or otherwise dispose of his property, subject to execution, with such intent. But no attachment shall issue where the plaintiff and principal defendant are both non-residents, and the money sought to be reached is the personal earnings or wages due or owing to the principal defendant from any person or corporation doing business in the State.

Chattel Mortgage.--Where mortgager retains possession, must be recorded within 10 days in Recorder's office of county where mortgager resides, to be valid.

Commercial Paper.—See Notes and Bills

Corporations.—Are organized under general laws. The only personal liability of stockholders of manufacturing and mining corporations is to pay the amount of stock subscribed by them respectively, except that such stockholders are individually liable for all debts due and owing laborers, servants, apprentices and employes for services rendered such corporations. (Laws Special Session 1875, p. 29.) By Act of March 13, 1877, it is provided that the employes of any corporation doing business in this State, whether organized under the laws of the State or otherwise, shall be entitled to have a lien upon the corporate property and earnings of such corporation for all work and labor done therefor. Said lien to be prior to any and all liens created or acquired subsequent to the date of such employment, except that when any person, other than an employe, shall acquire a lien upon the corporate property, and such lien shall remain a matter of record for 60 days in any county in this State where such corporation is located or doing business, and no lien shall have been acquired by any employe of such corporation during that period, then such lien shall have priority over the lien of the employes, also, except any lien for purchase money. To acquire such lien the employe must have a notice of his intention to hold it recorded in the Recorder's office of the county where the corporation is located or doing business. The lien must be enforced within 6 months after acquiring it, or if a credit is given, from expiration of credit. (Law Special Session 1877, p. 27.)

Dower.—Tenancies by the courtesy and in dower are abolished. If a husband die testate or intestate, leaving a widow, one-third of his real estate shall descend to her in fee simple, free from all demands of creditors. Provided, That where the real estate exceeds in value $10,000, the widow shall have one-fourth only, and where it exceeds in value $20,000, one-fifth only as against the creditors. If a wife die, testate or intestate, leaving a widower, one-third of her real estate shall descend to him, subject, however, to its proportion of the debts of the wife contracted before marriage. By the act of March 11th, 1875, it is provided that the wife shall be entitled to one-third in fee simple of real property owned by the husband and sold at judicial sales on judgment rendered after the taking effect of said act (August 25, 1875), where it is not ordered in said judgment that her interests shall be sold or barred, whenever the title to such real property shall become vested in the purchaser, his heirs or assigns, by virtue of such sales, except that when such sale or sales amount to more than $20,000, she shall only be entitled to such interests in $20,000 of the same.

Evidence.—Parties in interest of equal competency with other witnesses; husband and wife can not testify for or against each other. Confidential communications to lawyers, physicians and ministers, made to them in their professional character, are privileged.

Execution. — Lien on personal property, within the county, from the time

of going into hands of officer, if several are out at the same time in hands of different officers, first levied has preference; and all liens created by the prior delivery of any other execution shall be divested in favor of execution first levied.

Exemption.—$600 to resident householders, of any property they may select. The forgoing provisions only applies to debts founded on contract, expressed or implied, entered into since about May 30, 1879, and does not affect any laborer's or mechanic's lien, nor lien for the purchase money of the real estate exempted. Upon contracts entered into before said date, there is only an exemption of $300. (As to exemptions in favor of married women, see Married Women.)

Foreign Corporations—Agents of corporations not incorporated or organized in this State before entering upon the duties of their agency in the State, shall deposit in the Clerk's office of the county where they propose doing business therefor, the power of attorney, commission, appointment, or other authority under or by virtue of which they act as agents. Said agents shall procure from such corporations, and file with the Clerk of the Circuit Court of the county where they propose doing business before commencing the duties thereof, a duly authenticated order, resolution, or other sufficient authority of the Board of Directors, or managers of such corporations, authorizing the citizens or residents of this State, having a claim or demand against such corporations arising out of any transaction in this State with such agents, to sue for and maintain an action in respect to the same in any court of this State of competent jurisdiction, and further authorizing service of process in such action on such agent, to be valid service on such corporation, and that such service shall authorize judgment and all other proceedings against such corporation. Such foreign corporations shall not enforce in any courts of this State any contracts made by their agents, or persons assuming to act as their agents, before a compliance by such agents, or persons acting as such, with the foregoing provisions of law. Any person acting as agent of such corporations, neglecting or refusing to comply with the foregoing provisions as to agents, shall, upon presentment or indictment, be fined in any sum not less than fifty dollars. The foregoing provisions do not apply to persons acting as agents for foreign corporations for a special or temporary purpose, or for purposes not within the ordinary business of such corporations. The Supreme Court of this State has decided that the foregoing provisions of law do not apply to foreign corporations, or their agents, engaged wholly in the manufacture, use, or sale of patented articles in this State.

Foreign Insurance Companies—Are prohibited from doing business in this State until they get a permit from the Auditor of State. Contracts made by such companies in this State, before they obtain such permit, are void.

Garnishment.—If at a time, or before or after, an order or attachment issues, plaintiff, or some one in his behalf, shall file an affidavit that he has good reason to believe that any person [naming him] has property of the defendant in his possession, or under his control, which officer can not attach, or that such person is indebted to defendant, or has the control or agency of any property, moneys, credits or effects of defendant, a writ of garnishment shall issue against such person, and he shall be accountable to plaintiff for the amount of money, property or credits in his hands, or due from him to defendant from the time of service of the summons in garnishment, except that the wages of all persons in the employ of any person or corporation shall be exempt from garnishment and proceedings supplemental to execution in the hands of such person or corporation so long as such employe remains in such employment, not exceeding one month's wages at any one time.

Grace, Days of.—All commercial paper payable in this State is entitled to three days of grace, except when the third day falls on a holiday, the paper matures the day before.

Holidays.—Sundays, January 1st, July 4th, December 25th, and any day appointed or recommended by the President of the United States, or Governor of this State, as a day of public fast or thanksgiving, shall be holidays within this State for all purposes of presenting for payment or acceptance for the maturity, protest and giving notice of the dishonor of all commercial paper, and all such paper falling due or maturing on either of said days shall be deemed as having matured on the day previous.

Interest.—By recent act, interest, in absence of contract as to same, is to be six per cent. Parties may agree in writing upon rate, but not exceed eight per cent. If higher rate than eight per cent. be charged, excess over six per cent. void and recoverable. Future judgments bear six per cent. interest, unless contracts upon which judgment was recovered bear lower rate than the same rate. These rates apply to new contracts. The provisions relating to contracts made before the present act are as follows: Six per cent.; ten per cent. valid on written agreement and may be taken in advance. Contracts for more than ten per cent., usurious only as to excess. Judgments on contracts made since the 5th of February, 1873, bear the same rate of interest up to ten per cent., as contracts bore at the time of rendition; but when no rate is expressed in such contract, or a greater rate than ten per cent., such judgment shall bear interest at the rate of six per cent.

Judgments.—Of Circuit and Superior Courts, and transcripts of judgments from Justices, filed in County Clerk's office, lien upon real estate within the county, with or without the issue of execution, ten years; but execution may be had after that time upon motion and affidavit and proper notice to adverse party.

Jurisdiction.—Justice's Courts $200 and under. Circuit and Superior Courts in all amounts, but on contracts plaintiff must recover $50 or over to cover costs.

Limitations.—Accounts and unwritten contracts six years; contracts in writing, judgments of courts of record and for the recovery of the possession of real estate, 20 years.

Married Women.—May dispose of separate personal property as if sole owner, and may carry on business and enter into contract with respect thereto; can not sell her real estate or dispose of same except on lease not exceeding three years, or a mortgage to secure the purchase money, unless her husband shall join therein; can make contract to improve her separate real estate. When liable her separate estate, both real and personal, may be taken on execution, but her wearing apparel and articles of adornment purchased by her not exceeding $200 in value, all presents to her of jewelry, ornaments, books, works of art, and other effects for personal or household use and other property [other than for purchase money thereof] to the amount of $300 shall be exempt from execution. She can not encumber her separate estate acquired by descent, devise or gift as a security for the debt or liability of any person whatsoever.

Minors.—Not liable on their contracts, except for necessaries supplied for their support and education.

Notes and Bills. — Promissory notes, payable to order or bearer, at a bank in this State, and bills of exchange, are governed by the Law Merchant. Promissory notes, not payable at a bank, subject to any defense or setoff maker may have against payee, or any subsequent holder, accruing before notice of assignment. On last named notes [not payable in bank] maker must be exhausted before endorser can be sued. Protest not necessary to hold endorsers of such notes, but to hold them maker must be sued at first term of court after maturity, unless he is shown to have been insolvent at time of such maturity.

Partnerships.—Are general or limited. In a general partnership each member [except married women and minors] is jointly and severally liable for all the debts of the firm. Limited partnerships, for the transaction of mercantile, mechanical or manufacturing [but not banking or insurance] business may be formed by one or more general partners and one or more special partners. The special partners shall contribute to the common stock a specified sum in cash, and shall not be liable for any debts of the partnership, except for some violation of their rights and duties as special partners. No such partnership shall be deemed to have been formed until all the partners shall sign, acknowledge and have recorded in the Recorder's office of the county where their principal place of business is located a certificate containing the name or firm under which such partnership is to be conducted, the full name and residence of all general and special partners, amount of capital contributed by each special partner, the general nature of their business, and when the partnership is to commence and terminate. A copy of said certificate shall be published for six successive weeks immediately after such registry in a newspaper published in said county, but if no paper is published in said county, then in a newspaper in this State nearest thereto; and if such publication is not made, the partnership shall be deemed general. The business shall be conducted by and in the name of the general partners; and if the special partners take part in or allow their names to be used in the business, they become liable as general partners. The capital stock shall not be reduced during the continuance of the partnership.

Redemption.—Real estate sold on execution or decree may be redeemed within one year from date of sale by payment of amount for which it was sold, with ten per cent. thereon from date of sale.

Registry Laws.—Deeds and mortgages of real estate must be recorded within 45 days. If not so recorded, good as between parties thereto, but not as against innocent parties acquiring interest after their execution, and before the actual recording thereof.

Statute of Frauds.—No action shall be brought in any of the following cases: (1) To charge an executor or administrator upon any special promise, to answer damages out of his own estate; or, (2) to charge any person upon any special promise, to answer for the debt, default, or miscarriage of another; or, (3) to charge any person upon any agreement or promise made in consideration of marriage; or, (4) upon any contract for the sale of lands; or, (5) upon any agreement that is not to be performed within one year from the making thereof, unless the promise, contract or agreement upon which such action shall be brought, or some memorandum or note thereof, shall be in writing, and signed by the party to be charged therewith, or by some person thereunto by him lawfully authorized, excepting leases not exceeding three years. The consideration need not be expressed therein. Part performance of such agreements takes them out of operation of the statute. No action shall be maintained to charge any person by reason of any representation made concerning the

character, conduct, credit, ability, trade or dealings of any other person, unless the same is in writing, and signed by the party to be charged. No contract for the sale of goods for the price of $50 or more shall be valid, unless the purchaser shall receive part of such property, or give something in earnest to bind the bargain or in part payment, unless some note or memorandum thereof is in writing and signed by the party to be charged.

Stay of Execution.—May be had by giving one or more sufficient freehold sureties; in higher courts, 30 days on judgments of $6 or under; over $6 and not exceeding $12, 60 days; over $12 and not exceeding $20, 90 days; and up to $40, 120 days; over $40 and up to $100, 150 days; 180 days in all sums over $100. In Justice's Courts substantially same, except that 180 days are given on all sums over $75.

Valuation and Appraisement Laws.—Contract waiving relief from, are valid, and judgments are rendered thereon to be so enforced.

Voluntary Assignments.—Any debtor or debtors in embarrassed or failing circumstances may make a general assignment of all his or their property, in trust for the benefit of his or their *bona fide* creditors.

THE

INDIANA STATE GAZETTEER

AND

BUSINESS DIRECTORY

FOR

1884–85.

In the following section of the work, the cities, villages and post-offices of Indiana are arranged in alphabetical order, and a description is given of each place, with an alphabetical list of all persons doing business therein. In all the larger places the names have been procured by personal canvass, but in the smaller, they have been furnished by postmasters. Great care has been taken to insure correctness, as well as completeness.

AARON. Settled in 1870; is located in Pleasant township, Switzerland county, 12 miles northwest of Vevay, the county seat and shipping point. The village contains 60 inhabitants, a Methodist church and one saw mill. C G Adams, postmaster.
Adams C G, General Store.
Adams A C Jr, harnessmkr.
Buchanan H H, cabinetmkr.
Johnson Abraham, carpenter.
Johnson S R, saw mill.
Miles Jeffrey, blacksmith.
Smith G W, carpenter.
Smith I M & Son, Saw and Corn Mill.
Thieband C O, express agt.

ABINGTON. Located on east fork of White River, in township of same name, Wayne county, 9 miles southwest of Richmond, the county seat, usual place of shipment and banking town. Daily stage to Liberty; fare, 50c; and Richmond, fare, 50c. Benjamin J Hunt, postmaster.
Duke J A, shoemkr.
Dye Elijah, broom mnfr.
Dye John, hotel.
Dye J S, grocer.
Greene G W, patternmkr.
Greene & Roby, iron fence mnfrs.
Gubele Harrison, physician.
Haynes J N, carpenter.
Holler Gabriel, carpenter.
Hunt Benjamin J, Township Trustee.
Karch Abraham, flour mill.
Mitchell Moses, blacksmith.
Picket J, wagonmkr.
Robbins J F, justice of the peace.
Shimer Bent, General Store.
Stephens Thomas B, blacksmith.
Swallow James E, physician.
Weber Bros, painters.
Weber Harrison, painter.
Weber Wm, furs, etc.
Williams Jasper, barber and restaurant.
Williams John, blacksmith.
Woodyard & Stevens, saw mill.
Wyrick & Davis, stone masons.

ABOITE. Is a station on the W St L & P Ry, in Lafayette township, Allen county, 11 miles southwest of Fort Wayne, the county seat and banking town. It has a population of 36. Jacob Hill, postmaster, grocer and R R agt.

ACADEMY. Known formerly as Academic, derives its name from the Academy of Our Lady of the Sacred Heart, a most excellent college, conducted by the Sisters of the Holy Cross. This institution has gained a reputation for being first-class in all its branches, and while this is a foregone fact, its prices are as low as can be found in similar colleges of lesser note.

C. BRADFORD, SOLICITOR OF PATENTS, INDIANAPOLIS, IND. Especial attention paid to complicated and difficult cases, Reissues, Interferences, etc. References given if desired. ☞Call or write for information. (*See adv.*)

ANDERSON. This handsome commercial and manufacturing city of 5,000 inhabitants, the county seat of Madison county, is located on the west fork of White river, and C C C & I, C W & M, C St L & P, and C I & St L R R, 36 miles northeast of Indianapolis and 119 northwest of Cincinnati. A settlement was formed here in 1822, and in 1828 it was made the county seat in place of Pendleton. Anderson has had a healthy growth, and for its size is one of the most progressive cities in the state. It has all modern conveniences, such as gas works, fire department, electric light, telephone exchange, an elegant new opera house erected at a cost of $70,000, with a seating capacity of 900, several fine churches, good public schools, a public library, handsome court house recently erected at a cost of $175,000, and a new jail costing $21,000. The city is handsome in appearance, being noted for substantial business blocks and fine residences. It has 4 hotels, 3 banks and 3 newspapers, the last mentioned comprise the *Evening Star* (daily) and the *Review-Democrat* and *Herald*, issued weekly. The industries in manufacture are steadily on the increase, and now comprise 3 heading factories with an annual capacity of 3,000,000, 1 grain cradle factory, 1 tannery, 2 furniture factories, 1 foundry, gauge cock works, pump factory, 2 planing mills, a hub and spoke factory, boiler feeder works, 1 shoe factory, brick yard, bentwood works, 2 flour mills, 1 brewery, and 3 saw mills. Stage leaves daily for Markleville and Perkinsville. Ex, Adams and U S, Tel W U. Stephen Metcalf, postmaster.

The city has increased very rapidly in commerce within the last two years, and several new business houses have recently been erected, prominent among which is the Bliss House, a model specimen of architecture and a credit to the city. It has good county buildings, many fine residences, and is supplied with a public library, 5 churches, a large graded school building, an opera house with a seating capacity of 500, 1 bank and 3 hotels. The press is represented by the *Herald*, daily and weekly, and the *Chronicle*, *Times* and *Banner* issued weekly only. Prominent among its manufactories are 3 flour mills, pump factory, 2 foundries, flax mill, 2 stave factories, 4 saw mills, pork house, 2 planing mills, bentwood factory, washing machine and corn planter works. Grain, lumber and live stock are extensively exported. U S and Am Ex. W U Tel. S J Kelly, postmaster.

COLUMBUS. This important commercial city of 6,000 inhabitants, the county seat of Bartholomew county, is located on main line of the J M & I R R at the terminus of Madison and Rushville branches of same road, 41 miles south of Indianapolis and 69 north of Louisville. This is a handsome, well-built city, surrounded by one of the most fertile wheat-growing districts in the State. It is laid out in wide streets, has excellent county buildings, fine business blocks, handsome residences, and its very appearance denotes prosperity and wealth. The city has gas and water works, a well equipped and officered fire department, numerous handsome church edifices, 2 graded schools, 4 hotels, telephone exchange, an opera house, and 2 banks. The press is represented by the *Democrat* and *Republican*, both of which are issued daily and weekly. Its manufactories rank among the first in the State, and include 3 flour mills, 2 machine shops, carriage factory, 2 planing mills, foundry, furniture factory, tannery, stave factory, creamery, starch factory, hominy mills, 2 cooper shops and a pump factory. White river receives both Haw and Flat Rock creeks at or near the city. Ex, Adams. Tel, W U. Isaac T Brown, postmaster.

and a general metropolitan appearance, which so impresses a stranger, as its every appearance is one of prosperity and wealth. It is laid out in broad streets, which are kept in an excellent condition and lined with shade trees; has gas and water works, an efficient fire department, telephone exchange, and a court house that is a credit to the city and county. The religious and educational advantages here are unexcelled. 9 handsome church edifices, representing the following denominations, Methodist, Baptist, Episcopal Presbyterian, Catholic and Christian, testify to the highly moral, intelligent class of society of the city. The Wabash College is one of the most noted institutions of learning to be found in the State, and this, with good graded schools, comprise its educational facilities. Other prominent features here are 5 hotels, an opera house and 3 banks. The press is represented by the *Argus* and *News*, dailies; *Star*, *Journal* and *Review*, issued weekly, and the *Wabash* and *Lariat*, monthly publications.

The manufacturing establishments of Crawfordsville are among the most prominent in the State, and include 3 flour mills, heading factory, 2 planing mills, carriage body factory, 2 foundries, 3 carriage factories, brewery, straw stacker works, coffin factory, wind pump works, cooper shop, hay fork works, saw mill, wire fence factory, and extensive machine shops. The fertile agricultural district surrounding the city is well adapted to grazing and grain. Ex, Am, U S, and L N A & C. Tel, W U.

DECATUR. The county seat of Adams county, is a growing incorporated town of 2,500 inhabitants, located on the St Mary's river and T C & St L and G R & I R R's, 21 miles south of Ft Wayne, 138 northeast of Indianapolis and 70 north of Richmond. Decatur is a prosperous commercial and manufacturing town, supplied with good county buildings, handsome churches, good graded schools, 2 banks and 2 weekly newspapers—the *Democrat* and *Journal*. The Burt House is the most popular of its 3 hotels, and is beyond doubt one of the best hotels in northern Indiana. Dick C Townsend, the genial host, is too well known to need any praise. The manufacturing establishments located here include 3 saw mills, 2 stirrup factories, tile yard, 3 flour mills, an iron foundry, 3 stave factories and 2 planing mills. Grain, lumber, live stock and staves are the chief exports. Ex, U S and Am. Tel, W U. Shaffer Peterson, postmaster.

ELKHART. This important manufacturing and commercial city of 9,000 inhabitants is located on the St Joseph and Elkhart rivers and L S & M S and C W & M Rys, in Concord township, Elkhart county, 10 miles northwest of Goshen court house, 65 northwest of Fort Wayne, 101 east of Chicago and 157 northeast of Indianapolis.

This is essentially a manufacturing town, and ranks foremost among towns of like size in the State. The manufactories here are both numerous and extensive, comprising 4 paper mills, 2 knit goods factories, paper pail works, straw-board mill, band instrument works, 2 planing mills, machine shops, saw mill, 2 starch factories, 1 foundry, 5 flour mills, 1 box factory, and the L S & M S shops, employing some 400 hands. There is no point in the State that offers greater inducements to manufacturers than Elkhart, as it has abundant water power, excellent transportation facilities, a central location, low rate of taxation and all modern conveniences found in much larger cities.

Elkhart is a handsome, well-built city, supplied with gas and water works, electric light, a well-equipped fire department, several fine churches, 1 high and 5 ward schools—employing in the aggregate 30 teachers—with an enrollment of 1,400 scholars, an opera house with a seating capacity of 600, 7 hotels and 3 banks. The press is represented by the *Journal* and *Review*, issued daily and weekly, the *Democratic Sentinel*, published weekly only, and several religious sheets.

The assessed value of real and personal property aggregates $2,500,000, while the bonded debt only amounts to $16,000, showing a very healthy financial condition.

EVANSVILLE. The second city in commerce, manufacture and population in the State, is the judicial seat of Vanderburgh county, located on the Ohio river, upon an elevated site, above the highest waters ever known in the Ohio. It has grown steadily from infancy, in 1836, to the present population of 35,000. While Evansville has not made the rapid strides of some of our western cities, the growth has been gradual and improvements substantial. It is surrounded by a rich agricultural district and situated in the midst of a coal field wherein a number of mines are operated that furnish cheaper fuel for manufacturing and other purposes than any other city can boast of.

Evansville can also lay claim to being the largest hardwood lumber market in the State. The city is rapidly on the increase in every respect, and is destined to become the center of the largest manufacturing district in Indiana.

TRANSPORTATION FACILITIES.

The Ohio river and its tributaries, Green, Wabash, Cumberland and Tennessee, are well supplied with packets that transport the pruducts of these sections and distribute them in this great manufacturing center. The railroads centering here are the Evansville and Chicago, Peoria, Decatur and Evansville, St Louis and Southeastern, Evansville, Henderson and Nashville, Evansville and Indianapolis Straight Line, and Louisville, Evansville and St Louis. These roads tap every desirable section of the country, affording ready and cheap transit for the immense manufactured products of the city.

GENERAL FEATURES.

Evansville is a handsome, well-built city. Her pride is the large number of elegant churches and substantial educational institutions. Of the latter there are several graded ward and high schools, 1 business college and a number of private and denominational schools. The fire department is well equipped and supplied with telegraph fire alarm. The city is lighted with gas and electric light; has street railway, good water works, 3 public libraries, St Mary's Hospital, fine opera house, board of trade, stock yards, custom house, telephone exchange, Belt R R, 4 cemeteries, good hotels, and, in fact, every modern convenience found in cities of much larger size. There are in all 7 banking institutions—5 national, 1 private and 1 savings—with capital and surplus aggregating nearly $3,000,000. These are among the staunchest institutions in the country, and enjoy the confidence of the entire business community.

The Press is represented by 6 daily, 1 tri-weekly and 8 weekly publications. The *Courier*, *Demokrat*, *Tribune* and *Union-News* are issued both daily and weekly, the *Journal* has a daily, tri-weekly and weekly edition, while the *Argus*, *Bulletin* and *Indiana Post* are published weekly.

MANUFACTURE AND COMMERCE.

As a manufacturing city, Evansville has but few equals and no superior. Her manufactories are numerous and upon a large scale and all doing a prosperous business. The principal branch is the manufacture of furniture; 7 large factories are operated, employing a large number of hands and representing over $1,000,000 capital. The lumber trade is next in importance, 15 saw and 5 planing mills are engaged in this branch. Its other manufactured products include plows, leather, pottery ware, woolen goods, staves and heading, flour, stoves, beer, barrels, brass goods, iron castings, brick, boots and shoe uppers, agricultural implements, washboards, boxes, carriages, tools, boilers, engines, steam pumps, machinery of nearly every description, whips, soap, hominy, architectural iron work, sails, white lead, overalls, bagging, coffins, mattresses, vinegar, cotton goods and brooms.

The city enjoys a large commercial business, having every line of merchandise fully represented by wholesale and retail houses, whose sales range from $50,000 to $1,000,000 annually. It has a mild and pleasant climate, beautiful location and a business community that are noted for thrift and hospitality. Ex, Adams, Southern and Pacific. Tel, W. U. Albert Thayer, postmaster.

Fitton's Specialty Chair Works!

EVANSVILLE, IND.,

—MANUFACTURERS OF—

Double Cane and Rattan Chairs & Rockers.

:o:

We make only a special line of goods, and can guarantee the very best goods and lowest prices. Close figures to jobbers. All our light goods are made from pure Maple and varnished. Our dark chairs are made of White Oak painted (not stained) with two coats and varnished with pure Turpentine Varnish.

We are the exclusive owner of the Aker's Patent "Knock-Down" Double Cane Chair, which is conceded to be the only K. D. chair which, after being set up, is as strong as chairs manufactured set up.

We solicit a sample lot. Write for Catalogue.

Very Respectfully, F. O. FITTON,
Evansville, Ind.

FORT WAYNE. The third city in population and the second in manufacture in the State, is located in the center of Allen county, of which it is the judical seat, 148 miles from Chicago, 135 from Indianapolis, 94 from Toledo, and 342 from St Louis. It is the chief commercial city of Northern Indiana, and for its size the most extensive manufacturing center in the country. The location is all that could be desired, being pleasantly situated at the head of the Maumee river and on the St Joseph at its confluence with the St Marys river, giving it an immense water power, which is utilized for manufacturing purposes by means of canals which are lined with mills, factories, etc. The city has a population of 32,000, and is rapidly increasing in commerce, manufacture and wealth.

TRANSPORTATION FACILITIES

of Fort Wayne are second only to Indianapolis in the State. The 6 lines of roads centering here are the Wabash, St Louis and Pacific main line, that has nearly 10,000 miles of road under control, giving it unbroken connection with nearly all western roads. Next in importance in the Pittsburgh, Fort Wayne and Chicago, with extensive repair shops and large car and machine shops under course of construction. The Grand Rapids and Indiana, popularly known as the "Fishing Line," with its leased lines, is the most important North and South road in the State. The Fort Wayne, Cincinnati and Louisville line make this its northern terminus, with repair shops and general offices. The Fort Wayne, Jackson and Saginaw, operated by the Lake Shore and Michigan Southern, has its southern terminus here, and the New York, Chicago and St Louis "Nickle Plate," the latest addition, having an elegant freight and passenger station within two squares of the court house.

MANUFACTURES.

Fort Wayne has some of the most important manufacturing establishments in the United States. Prominent among them are Bass Foundry and Machine Works, Peters Box and Lumber Co, Horton Manufacturing Co, Ft Wayne Organ Co, and the S Pennock & Sons Co road scraper salesrooms. The Peters Box and Lumber Co is one of the most important works in the city, and gives employment to a large number of hands. The firm of S Pennock & Sons Co, with an extensive manufactory at Kennett Square, Pa, have an established branch here for the sale of their well known road machines, which are too well introduced and appreciated to need recommendation in a work of this kind. The Horton Manufacturing Co are extensive manufacturers of washing machines, corn planters and wooden novelties. In addition to these, there are a number of minor establishments engaged in the manufacture of furniture, organs, band-saw mills, truss hoops, mattresses, earthenware, leather, pumps, han-

dles, carriages, barrels, gas apparatus and machinery, kegs, linseed oil, plows, crackers, iron castings, sash, doors and blinds, beer, stoves, flour, grain cradles, lumber, files, stirrups, potash, wagons, brushes, woolen goods, wheels, staves, horse collars, soap, pork, carriages, overalls, mineral water, engines and boilers. New establishments are rapidly starting up, and each year brings about enlargements of many of the established institutions. All are in a prosperous condition and the majority are running on full time.

RELIGIOUS AND EDUCATIONAL.

Fort Wayne has a large number of handsome church edifices, which add greatly to the appearance of the city, and are an index to the highly moral and religious class of its inhabitants. Here are some of the most excellent educational institutions in the State; in addition to a high school and several graded ward schools, it is the location of the Ft Wayne College, Concordia College, Ft Wayne College of Medicine, St Augustine Academy, a business college, musical conservatory, and several private and denominational schools. The Academy of Our Lady of the Sacred Heart, located at Academy, 6 miles northeast of the city, is also reckoned as a Fort Wayne institution; it is conducted by the Sisters of the Holy Cross, and stands foremost among the institutes of learning in the State.

THE PRESS

Is represented by the *Sentinel, News, Gazette, Journal,* and *Staats Zeitung,* dailies, and the *Dispatch, News, Journal, Sentinel, Staats Zeitung* and *Gazette,* issued weekly. These are in the main ably edited, and wield a strong influence throughout Indiana and surrounding States.

AS A CITY

Fort Wayne is second to none of its size in handsome appearance and general activity and thrift. It is a well-built city, with broad, clean streets, substantial business blocks, excellent water works, a well organized fire department, equipped with 3 engines, 3 hose carts, a hook and ladder truck, and fire alarm telegraph, telephone exchange, street railway, several good hotels, and is lighted with gas and electric light.

The financial and fiduciary interests of the city are represented by 4 banks—1 private and 4 national. Among the recent improvements here is the new Masonic Temple, new Temple Theatre, and a fine hotel. The city has great private wealth, is in a good financial condition, the location is a very healthy and central one, and its citizens are industrious, enterprising and liberal. The Adams, Am, U S and Pacific Ex, and W U Tel Cos have offices here. Fred W Keil, postmaster.

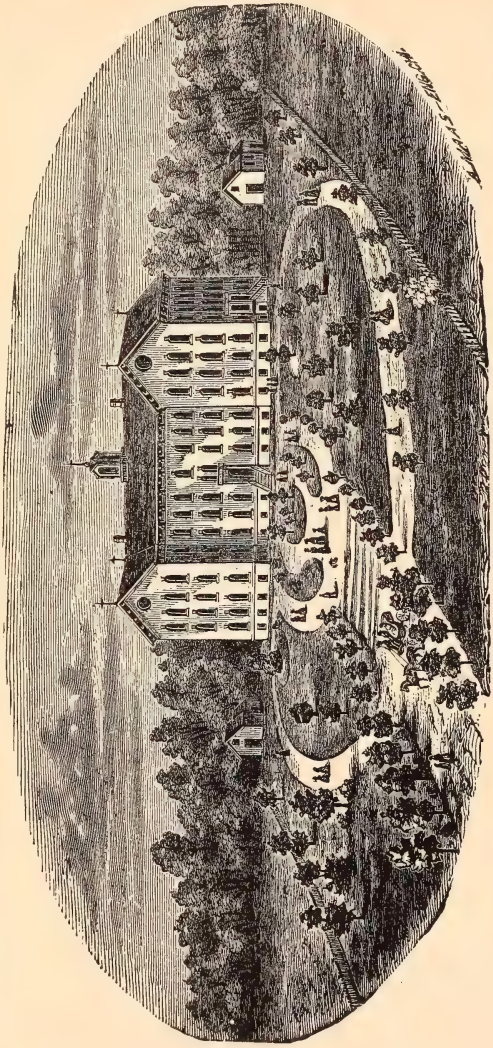
ACADEMY OF OUR LADY OF THE SACRED HEART,

Near Fort Wayne, Allen County, Ind.

CONDUCTED BY THE SISTERS OF THE HOLY CROSS.



THE ABOVE INSTITUTION, most eligibly situated, six miles from the city of FORT WAYNE, offers particular advantages to persons desiring to acquire a solid, useful and ornamental education. It is easy of access, one mile east of the Academy Station, which is twenty minutes' ride from the city, on the Ft. Wayne & Jackson Railroad. At the same distance from said city, on the Grand Rapids Railroad, is Wallen Station, two and a half miles west of the institution. The English course is thorough, including, besides Elementary Branches, Botany, Astronomy, Chemistry, the Higher Mathematics, Belles-Lettres, etc. The **French Language** is taught by competent natives of France, and spoken in the institution, being the language of the vicinity. Particular attention is paid to **Music.** French, Vocal Music in class, and Fancy Work form no extra charge. ☞ Pupils received at all times during the year. Non-Catholic pupils are required (only for the sake of uniformity) to assist at the public exercises with propriety and decorum. No uniform necessary. Letters sent and received, subject to inspection. **Payment required half-yearly in advance.** Books and Fancy Work can be had at the institution at current prices. Each pupil should have 4 towels; 4 napkins; 1 knife, fork, spoons, goblet; 1 dressing gown; 2 black aprons; 4 changes of linen; summer and winter balmoral. Great expense, in this institution, is not a necessary attendant upon a thorough education, the terms being placed at a rate which, it is hoped will prove an incentive to all who appreciate an academical course. Weekly notes, monthly bulletins, semi-annual examinations, and public distribution of premiums at the end of the scholastic year, are among the many means in use for exciting a laudable emulation. Love of intellectual pleasures, as well as easy, graceful deportment, is cultivated by weekly entertainments, consisting of Music, Readings, Declamations, etc., held in the Academy.

Terms per Session of Five Months:

Board and Tuition	$75 00	Latin	$15 00
Washing and Bedding	10 00	Drawing and Painting in Water Colors	10 00
Music—Harp	30 00	Painting in Oil	20 00
" Guitar	15 00	Artificial Flower Lessons	12 00
" Piano	25 00	Artificial Fruit and Leather Work	12 00
Modern Languages, each	10 00	Boarding in Vacation, two months	25 00

FRANKLIN. The county seat of Johnson county, is a prosperous incorporated town of 4000 inhabitants, located at the crossing of the J M & I and F F & M R Rs, 21 miles south of Indianapolis, and 89 north of Louisville. It is surrounded by one of the most fertile farming districts in the State, and enjoys a healthy growing trade. The county buildings here are very fine, and its residences and business blocks rather above the standard. Franklin is lighted with gas, has 8 churches, 2 graded school buildings, a college, 4 hotels, an opera house and two banks. The press is represented by the *Democrat* and *Jeffersonian* issued both daily and weekly. The chief manufactories here are 2 planing mills, pump factory, foundry, 2 flour mills, brick yard, saw mill, binder truck works, cooper shop, tannery and wagon works. Ex, Am and Adams. Tel, W U. GOSHEN. This important manufacturing city of 5,000 inhabitants, the judicial seat of Elkhart county, is situated on the Elkhart river, at crossing of C W & M and Air Line Div L S & M S R Rs, 110 miles east of Fort Wayne, 160 north of Indianapolis and 24 southeast of South Bend. Goshen is a handsome city, supplied with gas and water works, electric light, a fire department equipped with 1 hand engine, 4 hose reels and a hook and ladder truck; an opera house, with a seating capacity of 1,100; telephone exchange, 4 hotels and 3 banks. The religious and educational interests are represented by 11 churches of various denominations and 4 graded schools. This, for its size, is probably the most extensive manufacturing city in the State, having 3 flour mills, 4 furniture factories, linseed oil mill, iron works, stave factory, woolen mill, foundry, wind mill works, 2 saw mills, chair factory, 2 planing mills, table factory and several pump factories. A portion of the above derive power from the Elkhart river. 5 newspapes are published—the *Democrat, News, Gospel Banner, Times* and *Evangelium Panier.* This is one of the most eligible points in the State for manufacturing, as it has a central location, good water power, healthy climate and excellent facilities for transportation. GREENCASTLE. A handsome and important city of 5,000 inhabitants, situated nearly in the center of Putnam county, of which it is the judicial seat, 39 miles west of Indianapolis, 33 east of Terre Haute, and 140 north of Louisville. Its transportation facilities comprise 3 railroads—the St L V T H & I, I & St L and L N A & C—thus giving it ample facilities for marketing its manufactured and agricultural products. Greencastle offers every inducement for the location of new manufactories, having a healthful and central location, cheap facilities for transportation, and is within 15 miles of the vast coal fields of Indiana. Its industries in that line now include 3 saw mills, a cooper shop, spoke factory, foundry, stave factory, nail works, woolen mill, pump factory, 2 flour mills, lightning rod works, stone quarries, and several carriage factories. This city can well boast of her educational facilities, for, in addition to 3 graded schools and a female seminary, it is the location of the renowned De Pauw University, an educational institution that has no superior west of the Alleghenies. Greencastle is a well built city, supplied with handsome residences, good business blocks, gas works, several handsome churches, street railway, an efficient fire department equipped with 1 steam engine and a hook and ladder truck, telephone exchange, an opera house with seating capacity of 800, 4 hotels and 2 national banks. The assessed value of the real and personal property for 1884 aggregates $2,187,700. 4 weekly newspapers are published—the *Star-Press*, *Times*, *Putnam Democrat* and *Banner*. The agricultural district surrounding the city is very productive and the location of some of the finest farms in Indiana. Ex, Adams and Am. Tel, W U.

HUNTINGTON. This important commercial and manufacturing city of 6000 inhabitants, the couniy seat of Huntington county, is located on the Wabash river, and C & A and W St L & P R Rys, 118 miles from Toledo, 105 from Indianapolis, and 318 from St. Louis.

This for its size is the most progressive city in Northern Indiana, and has great natural wealth, consisting of immense limestone deposits, from which is manufactured a superior quality of lime; in this branch over 300 hands are employed. The C & A Ry Co have erected large repair shops and round house here, which give employment to a large number of hands. Each year brings about additions to the established manufactories here, and new factories are constantly being opened. The chief industries in manufacture now comprise 2 flour mills, pump factory, brewery, stave works, 4 saw mills, 3 foundries, 3 planing mills, cooper shop, flax bagging factory, 2 bentwood works, handle factory, 2 furniture factories, heading factory, plow works and several lime kilns. Several extensive grain elevators are in operation. The grain trade here has become one of great importance.

Huntington was settled in 1833 by Gen John Tipton, and was formerly known as Flint Springs. It is to-day a handsome town supplied with all modern conveniences, such as gas and water works, a well-equipped fire department, fine opera house with a seating capacity of 1,000, 2 graded school buildings, several churches, excellent county buildings, substantial business blocks, 3 hotels and 2 banks. The press of Huntington is above the average, including the following papers: *Evening Herald* and *News*, issued

INDIANAPOLIS.

The capital of Indiana, and the judicial seat of Marion county, is the largest and chief commercial city of the State, located on west fork of White river, 115 miles from Cincinnati, 240 from St Louis, 195 from Chicago and 825 from New York. It was made the seat of government in 1820, platted in 1821, and occupied as the State Capital in 1824. The growth of the city is shown by the following comparative table:

1822	500
1825	1,066
1840	2,692
1850	8,091
1860	18,611
1870	48,244
1880	75,077
1884, estimated	90,000

INDIANAPOLIS AS A BUSINESS AND MANUFACTURING CENTRE.

The city is located in the center of the very best agricultural district in the United States. It is adjacent to the second best coal fields in the country. The area of the coal fields of Indiana is over 6,000 square miles in extent and the quality for general purposes is not surpassed. The forests in a circuit of 200 miles surrounding the city have in the past 10 years supplied one-half the walnut timber for the balance of the United States. While this supply is, to a certain extent, becoming exhausted, the oak, hickory, ash, hard maple and gum, is becoming the source of immense revenue. An inexhaustible supply of the best building stone in the country is within easy reach. In point of beauty and durability the Indiana stone is acknowledged to be the very best produced, and in quantity there is sufficient to last for hundreds of years.

The city is the largest inland town in the U S; it is the nucleus of a railroad system which has few equals and no superiors; it has a central location, is a pleasant residence town, has a healthful climate; the tables of mortality show that for twenty

For Brewers and Packers. (See adv., opp. Brewers, in Classified.)

years past Indianapolis has been one of the healthiest cities on the continent. The sewerage is most excellent, taxes are lower than most cities of equal population, the debt of the city proper being less than two million dollars, the social advantages in all respects pleasant and inviting.

TRANSPORTATION.

Indianapolis has gained the reputation of being one of the largest railroad centers in the United States. It now has 14 roads, with others under contemplation which will be built in the near future. They are known as the Cincinnati, Hamilton & Indianapolis Ry, to Cincinnati, 123 miles; Cincinnati, Indianapolis, St Louis & Chicago Ry, from Cincinnati to Indianapolis, 115 miles, and from Indianapolis to Kankakee, Ill, 139 miles; the Cleveland, Columbus, Cincinnati & Indianapolis Ry, to Cleveland, 283 miles; the Indiana, Bloomington & Western Ry, Peoria Division, to Peoria, 212 miles; Eastern Division, to Springfield, O, 142 miles; St Louis Division, to Decatur, Ill, 151 miles; the Indianapolis & St Louis R R, to St Louis, 261 miles, the Indianapolis & Vincennes R R, to Vincennss, 117 miles; the Jeffersonville, Madison & Indianapolis R R, to Louisville, 110 miles; Air Line division of the Louisville, New Albany & Chicago Ry, to Chicago, 190 miles; the Chicago, St Louis & Pittsburgh Ry, to Columbus, O, 188 miles; the St Louis, Vandalia, Terre Haute & Indianapolis R R, to St Louis, 238 miles; the Wabash, St Louis & Pacific, to Michigan City, 161 miles; to Detroit, 281 miles, and the Belt R R & Stock Yard Company, which nearly surrounds the city, and by which all through traffic is transferred without blocking the streets of the city.

MANUFACTURES.

The manufacturing interests of the city of Indianapolis, for the past year, have been unusually prosperous. There has been an increase in the number of establishments, and large additions have also been made to the value and capacity of existing factories. Those which have been carrying indebtedness since the panic have been enabled to free themselves from debt, and it is gratifying to report that there has been no failures.

While little noise or stir has been made about it, several million dollars have been added to the capital invested in manufacturing in Indianapolis in the past year.

As per report of W. A. Peelle, Jr, Chief of the Bureau of Statistics for the year ending December 31st, 1883, the following is a condensed summary:

Number of Establishments	315
Capital Invested	$ 8,686,500
Value of Material	20,100,000
Value of Manuf'r'ed products	32,186,000
Average Number of Hands employed	986

FINANCIAL STATEMENT.

As per report of the City Clerk, made for the year ending May 31, 1884, the bonded indebedness of the city was as follows:

KINDS OF BONDS.	Date of Issue.	Date of Maturity.	Face of Bonds.	No Bonds.	Rate of Int.	When Payable.	Aggregate Amounts.
Indpl's and Vincenes R. R. Co.	Jan. 1, 1869.	Jan. 1, 1889.	$500	120	6	April 1st	$60,000 00
Junction R. R. Co.	Jan. 1, 1869.	Jan. 1, 1889.	500	100	6	April 1st	50,000 00

ture and become payable one month prior to the principal and coupons of the city bonds. The assessed valuation of real and personal property of the city aggregates $53,986,940, and the rate of taxation for all purposes is as follows:

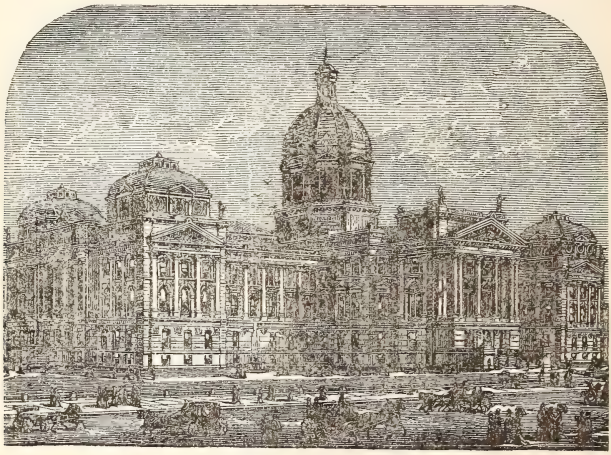
General Purposes	86c	per $100
Sinking Fund	3c	" "
Sewer Tax	10c	" "
School Tax	22c	" "
Total	$1.21	" "

The city has no floating debt. All moneys received by taxation and from other sources are placed in the general fund, and all appropriations are paid out of such fund.

	1883.	1884.
Saddlery and Carriage Goods	$520,000	$600,000
Leather, Findings and Belting	520,000	690,000
Produce and Commission	920,000	1,375,000
Agricultural Machinery	1,450,000	1,800,000

NEWSPAPERS.

The press is represented by 40 publications, as follows: 6 daily, 20 weekly, 2 semi-monthly and 12 monthly papers. The daily sheets are known as the *News*, *Indiana Tribune*, *Sentinel*, *Journal*, *Times* and *Telegraph*. They are fully up to the standard and well known throughout the west.



INDIANA STATE HOUSE.

COMMERCE.

The average increase of the wholesale trade of 1884 over 1882, in this city, was about 10 per cent. The increase in each line of trade is well represented in the following aggregate of the wholesale trade for the years named:

	1883.	1884.
Dry Goods	$6,000,000	$7,000,000
Groceries	5,550,000	6,800,000
Hardware and Iron	2,200,000	2,550,000
Drugs, Paints, Oils, etc	1,950,000	2,500,000
Boots and Shoes	1,400,000	1,875,000
Queensware	650,000	800,000
Hats and Caps	250,000	485,000
Toys and Fancy Goods	500,000	625,000
Confectionery	500,000	640,000
Coffee and Spices	175,000	180,000
Clothing	370,000	480,000
Millinery	660,000	775,000

EDUCATIONAL AND RELIGIOUS.

This, the city of churches, has probably no equal in number of, and handsome church edifices. There are in all 87, representing every religious society known in the United States. It has the best of educational advantages. The Board of School Commissioners, composed of 11 members, has control of the public schools, which are 27 in number, including the high school. In addition to the city schools, there are a number of private and classical schools and academies, and a good business college.

The public library is located at the corner of Pennsylvania and Ohio streets and contains 37,000 volumes.

PUBLIC PROPERTY.

The value of public property of the city is as follows:

J. H. CURRAN { HAND ELEVATORS, 135 West Second St., - - CINCINNATI.

Total	$1,755,943

Indianapolis has a good municipal government, gas works, water works, electric light, street railway, a board of trade that has no superior in the country, several good hotels, good banking institutions, 4 theatres, a number of handsome residences, substantial business blocks, a Court House that has no superior, and a State House under course of construction, that when completed will be one of the finest buildings of its class in the United States. The building permits for the year ending December 31, 1883, amounted to 815; and from December 31, 1883, to September 1, 1884, aggregated 610. This is the most eligible point for the location of manufactories to be found in the United States, and any legitimate enterprise will meet with a hearty welcome and support. The Adams, Am, U S and Pacific Ex, and W U and B & O Tel Co, have offices here.

The Physio-Medical College

OF INDIANA,

28½ INDIANA AVENUE, INDIANAPOLIS.

GENERAL PRINCIPLES.—The College was organized and has been conducted in the interests of medical truth, as established in nature; the development and perpetuation of those grand and beautiful principles, which ever have for their object the conservation of the vital powers of the physical organization. It boldly accepts such truths as are unmistakably established, it matters not from what source they come. Science, truth, principle, are based upon immutable laws, and are unchangeable. To know the laws: to ascertain the principles governed by those laws and deport its teachings in accordance with the same, is the object of the college instruction.

JEFFERSONVILLE. One of the oldest cities in the state, is the county seat of Clark county, pleasantly located on an elevated river front, at head of the Falls of the Ohio, opposite Louisville, Ky, and 4 miles above New Albany. It is 108 miles south of Indianapolis, 50 from Madison by the river, and 110 from Evansville by rail. The J M & I, O & M, L E & St L and L N A & C R Rs, pass through the city, the first 2 having their yards and termini here, but with its excellent ferriage and one of the largest iron bridges in the world, spanning the rapids, it derives transportation facilities from the L & C, L & N, C S and C & O R Rs, which center in Louisville. It has one of the best public landings on the river. This is an important point in the location of state and government buildings, which include The Indiana State Prison South, and the U S Quartermasters Supply Depot. The latter is the chief central source of army supplies for the entire Union. The city contains 10,000 inhabitants, has a complete municipal government, is lighted by gas, has good water-works, a well organized fire department, 15 churches, an extensive school system, 2 national banks, and 5 hotels. The press is represented by 4 papers, and are known as the *News*, *Times* and *Gazette*, issued daily and weekly, and the *Democrat*, issued weekly. The assessed value of real and personal property, aggregates $2,500,000, and the bonded debt amounts to $391,702. It has several very extensive manufacturing establishments, prominent among which are the Ohio Falls Car Works, J M & I R R shops, 2 ship yards, large plate glass works, and numerous other mills, factories, etc, of lesser note. The county and city buildings are new and very commodious. Its location presents a fine view from the river, and through an appropriation of the National Government of $50,000, the city is placed beyond the reach of high water. Ex, Adams, Am and U S. Tel, W U. A M Luke, postmaster.

KENDALLVILLE. Is an important manufacturing city of 3,000 inhabitants, located at crossing of G R & I and L S & M S R Rs, in Wayne township, Noble county, 10 miles north of Albion, court house, 26 north of Ft Wayne, and 143 east of Chicago. This is a well built handsome city, supplied with 8 churches, graded and high schools, a well equipped fire department, national bank and 3 hotels. The press is represented by 3 weekly and 3 monthly papers, *News*, *Coming Times*, and *Standard*, are issued weekly. The *Assembly*, *Liberal Economist* and *Bee Keepers' Guide*, are monthly publications. The assessed value of real and personal property here amounts to $700,000. Kendallville is for its size the most important grain market in northern Indiana. The fertile agricultural district by which it is surrounded is particularly adopted to the growth of the cereals. The manufactories of this city are rapidly increasing in size and number, and it has become known as a great manufacturing center. The most prominent establishments include 2 planing mills, large wind mill works, 2 saw mills, handle factory, 2 flour mills, clothes rack factory, 2 cooper shops, tannery, refrigerator works, brewery, fishing lamp factory, brick yard, pump works, eave trough factory and tile works. These are running on full time, and the city is enjoying a harvest of prosperity. Ex, U S. Tel, W U. James Nellis, postmaster.

DESIGNERS, WOOD AND PHOTO ENGRAVERS,

31, 32 and 33 Old Sentinel Building, Indianapolis, Ind.

:o:

DESIGNS AND ESTIMATES CHEERFULLY FURNISHED ON APPLICATION.

To parties desiring Illustrations for any purpose, we would say that we are prepared to execute such work in the best manner, and that we require simply a photograph or sketch of, or access to, the article or object itself; or when original designs are wanted, as for book illustrations, book and catalogue covers, newspaper headings, etc., simply the idea of what is wanted. Our line of work embraces

Portraits, Buildings and Landscapes, Machinery of every description, Furniture, Stoves, Letters, Autographs, Newspaper Headings, Catalogue Covers, Etc., Etc.

PHOTO ENGRAVING.

To those whose experience with Photo Engraving has been unsatisfactory, we offer a method entirely distinctive from all others and claim to make superior plates.

By this process we can reproduce plates from wood cut, steel plate and lithographic prints, and reduce them, as well as catalogues and newspapers, to miniature size.

Extra Low Prices on Large Orders.

KENTLAND. The county seat of Newton county, is located on the C St L & P Ry, 56 miles west of Logansport and 110 northeast of Indianapolis. Kentland has a population of 1,000 and supports 4 churches, Methodist, Christian, Presbyterian, and Catholic, a graded school of 6 departments, 3 hotels, 1 bank and a weekly newspaper—*Gazette.* A disastrous fire here on April 5, 1883, destroyed 26 of the most prominent business houses of the town and crippled business to a great extent. That it will recover its former business footing there is no doubt. The surrounding country is a fertile prairie, particularly adapted to the growth of hay and corn. Kentland carries a bonded debt of $6,000 and has real and personal property, assessed value, aggregating $300,000. Adams Ex. W U Tel. Wilson Beckner, postmaster.

KNIGHTSTOWN. Is an important mannfacturing and commercial town of 2,000 inhabitants, located on Blue river and C St L & P Ry, in Wayne township, Henry county, 14 miles southwest of New Castle court house and 34 east of Indianapolis. A settlement was formed here in 1828, and while it has not had a rapid growth, the improvements made are substantial and the business community is noted for honesty and integrity. Knightstown is entirely free from debt, has substantial business houses, 7 churches, 1 academy, a graded school, an opera house with a seating capacity of 600, national bank, 2 hotels and a weekly newspaper—*Banner.* The Soldiers' Orphans' Home and Asylum for Feeble Minded Children are located 1½ miles south of the town. Blue river furnishes power for 4 flour mills, which, with 3 planing mills, brick yard, 2 saw mills, foundry, 2 tile works, pump factory and the extensive furniture factory of J A Pike comprise the prominent manufacturing establishments here. Flour, grain and live stock are the chief exports. Ex, Adams. Tel, W U. John E Keys, postmaster.

KOKOMO. This prosperous commercial city of 6,000 inhabitants, the county seat of Howard county, is situated on the I P & C Div W St L & P, K & F Div T C & St L, and C St L & P Rys, 54 miles north of Indianapolis, and 139 southeast of Chicago.

Kokomo, for its size, is probably the most progressive city in Indiana. It has wide streets, substantial business blocks, handsome residences, fine churches, good county buildings, and is supplied with gas works, a well-equipped fire department, telephone exchange, an opera house, 1 high and 2 graded schools, 3 banks, 6 hotels, and 3 large grain elevators. 3 newspapers are published here, the *Gazette*, issued daily and weekly, and the *Dispatch* and *Tribune*, weekly sheets. The chief industries in manufacture comprise 2 foundries, stave works, planing mill, cooper shop, 2 flour mills, excelsior works, 2 saw mills, furniture factory, tannery, pump factory, and tile works. It derives a good support from the fertile farming district by which surrounded. Ex, Am and U S. Tel, W U. Orlando A Somers, postmaster.

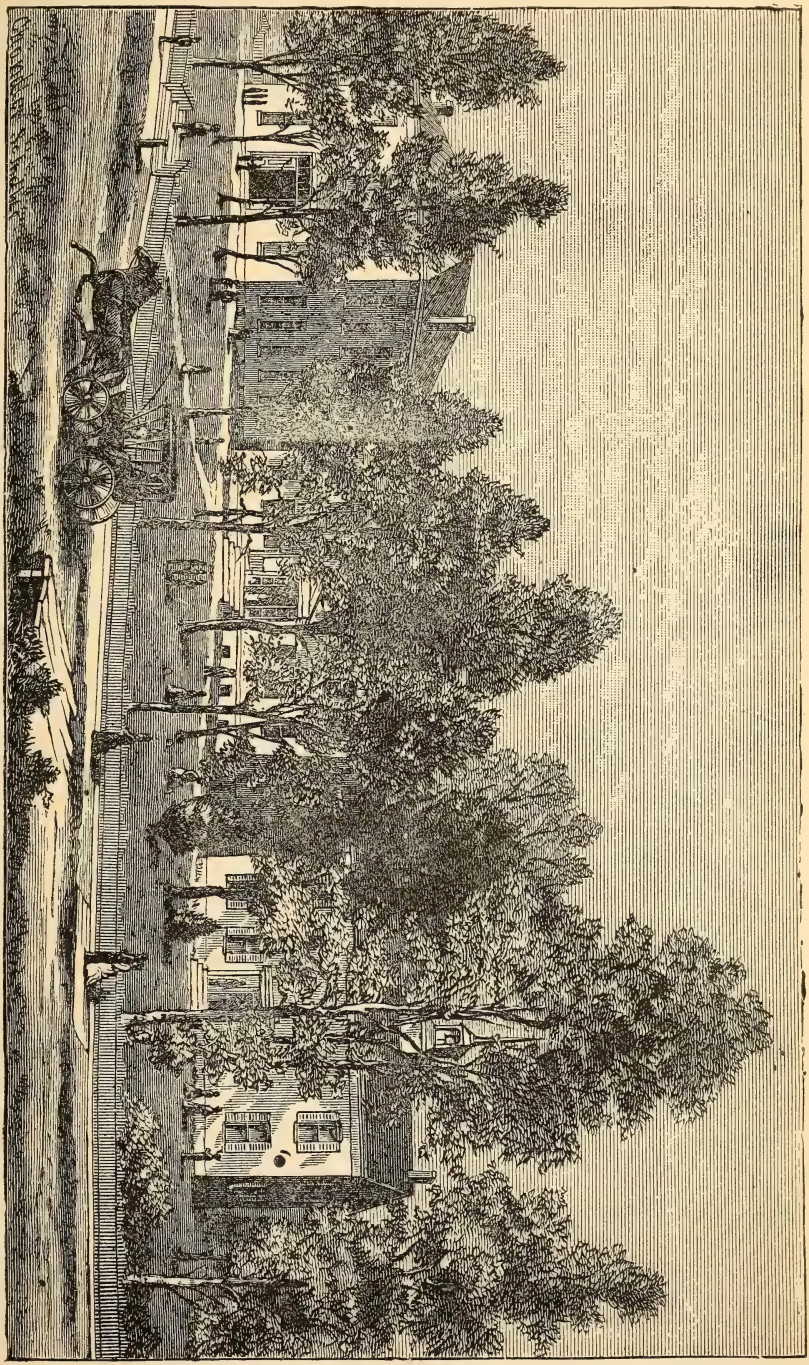
Central Indiana Normal School,

LADOGA, MONTGOMERY COUNTY, INDIANA.



A. F. KNOTTS, Principal.

☞Before deciding where to attend School, read this circular carefully and compare the advantages with those offeged by other institutions. $26.00 in advance pays for Board, Room Rent and Tuition for One Term of ten weeks. [See next page.]

Central Indiana Normal School

AND

BUSINESS INSTITUTE,

LADOGA, Montgomery County, INDIANA.

Advantages found at the Normal.

1. There are no vacations during the entire year.

2 We have so many different grades that students can enter at any time, select their own studies, begin where they wish and advance as rapidly as they may desire.

3. There are Beginning, Advanced, Regular and Review Classes in all of the branches every term. They are organized, not at the beginning only, but at different periods during the term.

4. An opportunity of taking, without extra charge, one of the most thorough Commercial Courses offered by any school.

Central Indiana Business College.

Realizing that the great demand of the times is a thorough, practical business education, we would call particular attention to our Commercial Course.

The department is conducted on the Actual Business plan.

The graduate of this College can take a position in the Bank, Counting House, or any of the business establishments of to-day, and be able to enter at once upon his duties.

EXPENSES.

Tuition per term (this pays for all the departments),	**$8.00**
Good board per week,	**1.50**
Furnished rooms per week, 35 cents to	**.50**
Private board and well furnished room per week, $2.00 to	**2.25**
Club board per week,	**1.00**

$26.00 in advance pays for board, room rent and tuition for one term of ten weeks.

We guarantee that the expense shall not exceed the rates given. Whatever is above this will be paid by us. The School is open to visitors at all times, and a most cordial invitation is extended to parents, teachers and all interested in the cause of education, to visit the School and examine the work.

☞ Write to us if you desire more particulars, and we will take pleasure in answering immediately.

A. F. KNOTTS, Principal.

LACROSSE. Is an 1884 postoffice in La Porte county.

LADOGA. Is a growing town of 1,500 inhabitants, situated on Raccoon creek and the L N A & C Ry, in Clark township, Montgomery county, 10 miles southeast of Crawfordsville, the county seat, and 50 from Indianapolis. Ladoga is quite a business center, and derives a large trade from the fertile agricultural country surrounding it. It has 5 churches—Baptist, Christian, Methodist, Dunkard and Presbyterian—good schools, 2 hotels, 1 bank, and a weekly newspaper—*Leader.*

The most prominent feature of the place is the Central Indiana Normal School, an educational institution that ranks formost among its class in the State.

Its industries in manufacture include 3 flour mills, tannery, 2 saw mills, woolen factory, planing mill, and carriage works. Flour, grain and live stock are the principal shipments. Ex, Am. Tel, W U. Edmond W Linn, postmaster.

LAFAYETTE. Is an important manufacturing and commercial city of 28,000 inhabitants, the county seat of Tippecanoe county, located on the Wabash river, W St L & P, C I St L & C, L N A & C and L E & W R R's, 64 miles from Indianapolis, 131 from Chicago, 179 northwest of Cincinnati and 233 east of St Louis. This is the third city in population in the State and is the centre of a fertile agricultural district and an important commercial city. With a location that is unexcelled for manufacturing, it has excellent transportation facilities, is in close proximity to the great coal fields of Indiana and Illinois, a healthful climate, excellent educational and religious institutions and all modern conveniences found in much larger cities. Lafayette was incorporated a city in 1853 and is now a handsome, well-built town supplied with gas and water works, a good police force, well equipped fire department, street railway, electric light, telephone exchange, public library, business college, several good hotels and 6 banks.

The prominent public buildings here include a new Court House, erected at a cost of $500,000, the Purdue University, 25 church edifices, 5 public school buildings, an opera house and a number of fine business blocks. The Court House is an exceptional handsome building and is probably the finest specimen of architecture to be found in the State outside of Indianapolis.

This is one of the most extensive manufacturing towns in Indiana, its manufactories rank among the foremost in the country, and are being constantly enlarged, each year adds several new establishments to the already large list. The most prominent articles manufactured include paper, sugar, hominy, railroad cars, pumps, lumber, sash doors and blinds, iron castings, pumps, boots and shoes, leather, furniture, cooperage, agricultural implements, boilers, engines, beer, oil, soap, iron fence, wire goods, flour, carriages, cigars, brooms, plows, corn planters, and numerous others of lesser note. 3 large grain elevators, and 3 pork packing establishments are successfully operated. The Merchants' and Manufacturers' Exchange, incorporated under the State laws, has a membership of about 300, and receives daily market reports from all points in the United States. The press is represented by 4 daily and 8 weekly newspapers, these are in main live, progressive publications, and wield a strong influenee throughout Indiana and Illinois. The city is in an excellent financial condition, has a low rate of taxation, and her citizens will welcome and support any legitimate manufacturing enterprise. The Pacific, U S, Am, and L N A & C Ex and Western Union Tel Cos, have offices here.

W. H. CORBALEY, ATTORNEY AT LAW, INDIANAPOLIS, IND. (42 Vance Block), Collects Original Pensions, Increase Pensions, Pay, Bounty, Land Warrants, Horse Claims, etc. Special attention given to Rejected Claims. Special arrangements made with Claim Agents going out of the business, or Attorneys sending me business.

135 West Second St., - - - CINCINNATI.

Fraley's Wire Broom Company,

S. P. FRALEY, Manager.

Dear Sirs: You will find, hereafter, that you simply stand in your own light if you don't insist on your Wholesale Grocer sending you **FRALEY'S WIRE-BOUND BROOMS,** as they cost you no more than the shoddy sewed broom, and the way they are made and put up they will give better satisfaction than any brooms you ever handled. Remember, don't let your runner pass without telling him to send you an order with your other goods, as the following Wholesale Grocers handle them direct from the factory; You run no risk of getting old stock, as we never have a chance to get ahead of our orders: O. W. PEIRCE & CO., C. C. ROBINSON, OWEN BALL & CO., BANGS & BROWN; in fact, all jobbers can get them for you, if you insist on having them. We place no runners on the road; we depend on mail orders and the jobbers.

Remember, our brooms are made by the best workmen, of the best material, and are put up in better style than any brooms made, and sold on smaller margin, because we sell more of them at less expense. Don't fail to order at once, and see for yourselves the style you get them in. Awaiting your orders, we are, Very Respectfully,

FRALEY'S WIRE BROOM CO.,

LAPORTE. A handsome city, of 9,133 inhabitants, the county seat of Laporte county, is located on L S & M S and I P & C Div W St L & P Rys, 148 miles northwest of Indianapolis, 59 southeast of Chicago and 12 southeast of Michigan City. This, for its size, is one of the most prosperous cities in the State. The surrounding agricultural district is very fertile, and in a high state of cultivation. The city has all modern conveniences, such as gas and water works, electric light, a well-equipped fire department, 2 opera houses, with a seating capacity of 600 and 1200 respectively, 4 banks and 3 hotels. Of the latter, the Teegarden house ranks first. Mr. J C Gilbert, the present proprietor, has a reputation as a hotel manager that is a sufficient recommendation.

Laporte carries a bonded debt of $82,000, and has real and personal property assessed value aggregating $2,500.000. Its religious and educational advantages are unexcelled, comprising 15 churches, of various denominations, 1 high and 6 graded schools, and the Holmes Short Hand Business College. The last mentioned is a well-conducted institution, and ranks foremost among its class in the State. The recent improvements here consist of a handsome new opera house, erected at a cost of $30,000, several new church buildings, business blocks and many fine residences. The press is represented by the *Herald-Chronicle*, *Argus* and *Journal*, weekly publications, and several religious monthly sheets.

Laporte is essentially a manufacturing town. Prominent among its establishments are 3 flour mills, chair factory, 2 foundries, wheel works, furniture factory, 2 woolen mills, pump factory, 2 cooper shops, brewery, water wheel works, planing mill, machine shops, plow works, carriage woodwork factory and the extensive works of M & J Rumely, manufacturers of engines, boilers, separators, corn-shellers, ice elevating machinery, etc. This firm has established a first-class reputation, and their machinery is favorably known all over the

PHYSIO-MEDICAL COLLEGE OF INDIANA. Session of 1885-'86 begins Oct. 15, 1885 and continues twenty-four weeks.

WALL PAPER DEALERS,

ATTENTION!

—:o:—

MICHAEL'S

Fig. 1.

FOLDING

WALL PAPER RACK.

Patented December 8, 1882.

MICHAEL'S

Folding Wall Paper Rack!

Wall paper dealers can readily see at a glance the superiority of this rack over the old way of showing paper, there being no rolls to get soiled or torn. Fig. 1 represents the rack open and ready for use, displaying four feet of wall paper, or as much as would be shown from the roll. The samples are placed under a clamp, as shown in fig. 1, by means of which the upper edges of the paper are secured or bound. The two parts of the clamps are bound together by thumb screws, which pass through suitable slots in the clamp bar; the lower edge of the clamp bar is slightly curved on its clamping face so as to press the paper between at its middle, and slots at each end thereof. One of the slots is made long enough so the bar may be slipped out by loosening the thumb screw at one end only.

A covering of cloth curtains, which is secured at the upper ends by the clamp bars, always keeps the samples clean and free from dust. The curtains are provided with rings at the lower ends by means of which all articles on the display board may be lifted therefrom and thrown back on the table at once; there being no limit as to the amount of paper that can be placed on the rack. Samples are cut from the rolls without in any way affecting the sale of the full roll, which is a saving alone worth the price of the rack. All the joints are mortised together, and there being no machinery to get out of order it makes a durable rack that will last a lifetime. A jointed hinged brace extends horizontally between the legs and the display board. This brace is hinged at one end to the leg and the other end to the display board; and it is provided near its middle with a hinge, so that the leg and the display board may be pressed together, as indicated in fig. 2.

Fig. 2. The table is also arranged and closes in same manner. The mode of closing is by placing the hand on the upright bar and the foot on the cross bar, as shown in fig. 1, and pressing the rack together. The rack can be closed or opened with ease, and with an unlimited amount of paper on it. It occupies the small space of 2 x 4 feet when open, and 6 inches by 2 feet when closed.

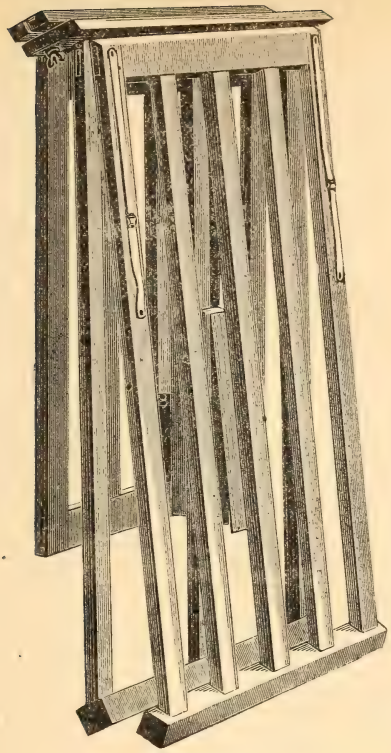

Fig. 2.

The rack is made from the best clear timber, and finished in ebony. Price, $8.50.

You can show more paper from my rack in one hour than you can show from the roll in one day, thereby making sales easy. My rack is not only practical, but very ornamental and simple; any child can use it with the greatest of ease. I have sold a large number, and have received recommendations from all who have used them. Address

C. H. Michael,

Patentee and Manufacturer,

LAPORTE, - - - - INDIANA.

S. A. MAXWELL & CO., 134 and 136 Wabash Avenue, Chicago.

NELSON BROS. & CO., 68 Monroe Street, Grand Rapids.

TESTIMONIALS.

Mr. C. H. Michael: PONTIAC, ILL., March 21, 1884.

SIR—The display rack is tip top. We are well pleased with it; think it the best we have seen. Trusting you will have a fine paper trade, we are

Your Ob't Servt's, CALDWELL & MCGREGOR.

Mr. C. H. Michael: GRAND RAPIDS, MICH., July 1, 1884.

DEAR SIR—We are glad to have an opportunity to recommend your wall paper rack. We are using five of them in our store, and would use no other. The verdict of our customers who have put them in is that it is the only feasible display rack in the market. We predict for your rack that before the end of another season it will be found in every first-class wall paper store in the country. Wishing you success, we remain,

Yours Respectfully, NELSON BROS. & CO.

Mr. C. H. Michael: KENDALLVILLE, IND., July 5, 1884.

DEAR SIR—Your wall paper rack is complete. We like it very much. Of the several different styles we have had yours is the first one that gives satisfaction. Would not do without it now.

Respectfully, G. H. LOHMAN & CO.

Mr. C. H. Michael, Laporte, Ind.: NEW CARLISLE, IND., July 7, 1884.

DEAR SIR—I have had one of your wall paper display racks in use the last season, and regard it as decidedly the best I have ever used. I have examined and used several other kinds, but consider yours more convenient, neatest and most practical of any of them.

Yours Truly, F. D. WARNER.

C. H. Michael, Laporte, Ind.: MICHIGAN CITY, IND., July 14, 1884.

SIR—We have tried your wall paper display rack, and of all the different ways of showing paper it gives the best satisfaction. It not only saves time in the busy season, but pleases the customer equally as well.

Yours Respectfully, WOODSON & COOK.

C. H. Michael, Laporte, Ind.: CHICAGO, ILL., July 3, 1884.

DEAR SIR—Your rack is a success. We have sold a good many of them, without a single complaint. It will fill the bill in every particular.

Yours Truly, S. A. MAXWELL & CO.

ABDAMED ALLEN, Bay Stallion, foaled May 13, 1869, bred by Wm. Bateman, Du Page Co., Ill., by Ethan Allen, Jr., (Woodward's) full brother to Daniel Lambert, by Ethan Allen. 1st dam Fann Bateman, by Imported Glencoe. 2d dam a fine mare formerly owned in Woodford Co., Ky., and kept on Frank Harper's place for a time, and known as the Brinegar mare. The dam of Ethan Allen, Jr., was Fanny Cook, by Abdallah; 2d dam by Stockholm's American Star. ABDAMED ALLEN is 15¾ hands high, most perfect in form, style, finish and action, and is very fast, with but little handling, and as a getter of stock he is of the highest order. See his colts, Baffle, Iberim, and others in catalogue. This horse has all the style, finish and action of Old Ethan, with same marks, and with much additional substance and power, and in composition of blood is unsurpassed. See the Ethan Allens, the Abdallahs, the Stars, and the Glencoes combined. The Abdallah and Star cross has produced more fast trotters than any other. ABDAMED ALLEN has this cross, with Ethan Allen and Imported Glencoe for action and bottom.

And owner of **PILOT DUROC, Jr.,** by Pilot Duroc, he by Pilot, Jr. 1st dam Nellie, by John Clark's Young Turk; 2d dam by Flying Duroc; 3d dam by the Bush Messenger; 4th dam by Walworth's Black Prince. Bred by R. A. Alexander, Woodburn Stud Farm, Ky. Write for circular.

LEBANON. This growing town of 3,000 inhabitants, the judicial seat of Boone county, is located on the C I St L & C R R, 27 miles northwest of Indianapolis and 36 southeast of Lafayette. Lebanon was settled in 1830 and incorporated a city in 1875. It is rapidly increasing in commerce and manufactures and is in an excellent financial condition. The city has 6 churches, high and graded schools, an opera house with a seating capacity of 500, 3 hotels, telephone exchange, 2 National banks, good county buildings, handsome residence property and substantial business blocks. The chief industries in manufacture include 4 saw mills, plow handle works, 2 planing mills, machine shop, brickyard, furniture factory and 2 flour mills. Three grain elevators are in operation. The press is represented by 3 weekly newspapers—*Patriot, Pioneer* and *Bee.* The surrounding country is quite fertile. Ex, Am. Tel, W U. Charles E Wilson, postmaster.

Rugg H C, township trustee.
Swales Wilson H, physician.
Swales Wilson H Jr, physician.

LOGANSPORT. An important commercial and manufacturing city of 15,000 inhabitants, the county seat of Cass county, is located on the Wabash river at its confluence with Eel river, 70 miles from Indianapolis, 116 from Chicago and 270 from St Louis. The railroads centering here comprise the main line and Eel River Div W St L & P, Logansport Div T H & I and the 2d and 3d Divs of the C St L & P Ry. In 1828 Logansport was platted and the following year it was made the county seat. It is now a handsome, well built city, with wide, clean streets, a large number of handsome residences, substantial business blocks, is lighted by gas and electric light, and supplied with water works, a well equipped fire department, good public schools, an excellent normal college, telephone exchange, 3 first-class hotels, an opera house with a seating capacity of 1,500 and 2 national banks. It has a number of fine church edifices, represented by the following religious denominations: Baptist, Methodist, Catholic, Presbyterian, Episcopal, Lutheran, Christian, German Reformed and Cumberland Presbyterian. The press is represented by the following papers: *Advertiser*, issued daily; *Pharos* and *Journal*, with daily and weekly editions, and the *Chronicle*, *Sunday Critic* and *Staats Zeitung*, issued weekly only.

The manufacturing interests of the city of Logansport are in a very prosperous condition. Within the last two years there has been an increase in the number of establishments, and large additions have been made to the value and capacity of existing factories, mills, etc. The manufactured products of this city, rank among the first in the U S and include organs, beer, barrels, cooperage stock, flour, water wheels, mill machinery, castings, pumps, paper, carriage, wagon and agricultural implement wood work, grain drills, boilers, linseed oil, soap, lumber, leather wooden goods, carriages, brooms and furniture. There is no point in the State that offers greater inducements for the location of manufactories than Logansport, as it has excellent transportation facilities, a central location, healthy climate, low rate of taxation, and is in close proximity to the vast coal fields of Indiana and Illinois. The surrounding country is very fertile and tilled by an intelligent farming community. The Adams, Am, U S and Pacific Ex and W U Tel Cos have offices here.

AMERICAN

NORMAL COLLEGE,

LOGANSPORT, - - - IND.

A Modern, Thorough, Practical

—AND—

Progressive Institution.

Important Advantages:

1. Superior Railroad facilities.
2. Best independent Normal Building in the West.
3. Finest Site and Grounds in the State.
4. Pure Atmosphere, Cool Shade, and Clear Spring Water.
5. Airy Sleeping Rooms, and Superior Dining and Reciting Rooms.
6. Superior Instruction, Instructive Lectures, and Interesting Entertainments.
7. Facilities for Croquet and Boating.

J. FRAISE RICHARD, - - President.

SEE NEXT PAGE.]

1. CALENDAR.

With decreased expenses and increased facilities, next year will open Tuesday, August 26th, 1884, and will have five terms—four of ten weeks each and one of six—commencing respectively: (1) August 26, 1884; (2) November 4, 1884; (3) January 13, 1885; (4) March 24, 1885; (5) June 1, 1885.

2. GROUNDS AND BUILDINGS.

The campus is a natural grove of twelve acres, overlooking the city, and lying 142 feet above Eel river. It is supplied with refreshing shade, and crystal spring water having healthful medicinal qualities. The building, costing $80,000 in 1870, is a model of strength and architectural beauty. It is supplied with capacious halls and offices, large and beautiful sleeping, dining and recitation rooms, and every facility for a comfortable college home. It is acknowledged to be the finest school property in the State.

3. COURSES OF STUDY.

PREPARATORY, TEACHERS', BUSINESS, MUSICAL, ELOCUTIONARY, PHONOGRAPHIC, SCIENTIFIC and CLASSIC. These courses are carefully arranged and, properly completed, prepare thoroughly for the great life-work.

4. WORK EACH TERM.

In many Institutions students can enter only at the opening of the school year. Here they can enter at any time, and find *beginning, advanced and review classes* in Arithmetic, Algebra, Geometry, Grammar, Rhetoric, Geography, Physiology, History, Latin, Book-keeping, Music, Elocution and Literature. When called for, classes will be organized in Greek, Trigonometry, Philosophy, Logic and Criticism. Every grade of students can be accommodated.

5. NEW INSTRUCTORS.

(1) PROF. I. E. WILSON AND WIFE, of Iowa, both classical graduates, will be instructors in the Literary Department next year.

(2) MRS. MAUD BARNETT, trained in the Boston Conservatory of Music, will have charge of Voice, Organ and Piano. She is a highly skilled instructor, and will give the best of satisfaction.

(3) MISS TRESSA CROCKER, an accomplished and experienced instructor from Boston, will teach Elocution, both in classes and privately. Those desiring to become good readers and speakers will act wisely to join her classes.

(4) WILSON R. BERRY, teacher of Drawing and Painting, has few equals in the West. He has traveled over the continent, sketching from nature for the leading metropolitan journals.

(5) JOHN R. O'CONNOR, Circuit Court Reporter, will organize classes in Phonography. He gives the best satisfaction.

(6) J. V. ZARTMAN, lately in charge of a Business School in New Albany, will teach Penmanship and Book-keeping.

6. EXPENSES.

(1) TUITION in Preparatory, Business, Teachers', Scientific and Classic Departments, $10 per term of ten weeks; $19 in advance for two terms, or to two members of same family one term; $27 in advance for three terms, or three relatives for one term; $34 in advance for four terms, or four relatives for one term, $38 in advance for forty-six weeks.

(2) BOARD—Club, $1.50 per week; private, $2.50 to $3.50 per week.

(3) RENT of furnished room, 50 cents per week.

☞ $30 in advance pays Tuition, Room Rent and Board for ten weeks.

7. SPECIAL ANNOUNCEMENT.

HALL'S COMMERCIAL COLLEGE, successfully conducted in this city during the past thirteen years, has been purchased and consolidated with the Normal College. It will be conducted on the actual Business plan. With its full equipment it will give excellent facilities for business training. Tuition $10 per term of ten weeks. Send for circulars.

8. ACKNOWLEDGED ADVANTAGES POSSESSED BY THE AMERICAN NORMAL COLLEGE.

(1) Superior railroad facilities. (2) Best site and building of any independent school in the West. (3) Superior courses of study. (4) Superior rooms for sleeping and boarding purposes. (5) Special literary culture in classes and societies. (6) Superior instruction in all departments. (7) Healthfulness of location. (8) Faithful care of students in case of sickness. (9) Furnishing of Elocution, Book-keeping, Penmanship and Vocal Music to all regular students without extra charge. (10) Graduation at close of any term which satisfactorily completes a course of study, thus saving both time and money to student. (11) Superior boarding arrangements under our personal control. (12) Personal attention and interest of teachers, who all live in College building.

———:o:———

☞ Let all who seek to take a course of study, partial or complete, communicate with us. We are prepared to give superior inducements. Address

MADISON. The oldest town in southern Indiana, is a flourishing city of 9,000 inhabitants, located on the Ohio river and J M & I R R, 86 miles southeast of Indianapolis, and 100 below Cincinnati. Madison is a live commercial and manufacturing city, supplied with gas and water works, a well equipped fire department, good police force, street railway, a number of handsome church edifices, 6 graded schools, 1 academy, a public library, 7 hotels, and 2 national banks. The press is represeuted by the *Star, Herald* and *Courier*, all of which are issued both daily and weekly. The industries of manufacture are steadily on the increase, each year brings new establishments, and enlargements and extensions to those already in existence. The most prominent articles manufactured here include boxes, copper goods, spokes, machinery, staves, heading, boats, starch, sash, doors and blinds, paper, blacking, furniture, woolen goods, brick, beer, stirrups, brass goods, wheels, mineral water, boilers, chairs, brooms, drain tile, iron, ear drums, flour barrels, lumber, saddle trees, crackers, iron castings, horse collars, leather, carriages, wagons, cigars. The city carries a bonded debt of $208,000, and has real and personal property (assessed value), aggregating over $4,000,000. This is an eligible point for the location of manufactories, and is a live city. Ex, Adams. Tel, W U.

MARION. The judicial seat of Grant county, is a growing commercial city of 4,000 inhabitants, located on C St L & P, C W & M and T D & B R Rs, 70 miles northwest of Indianapolis. This, for its size, is one of the thriftiest towns in Indiana. It is a handsome, well built city, regularly laid out with broad streets, and is supplied with gas and water works, a volunteer fire department, equipped with 3 hose reels. 4 public school buildings, 7 churches, 5 hotels, an opera house and 3 banks. Marion has improved very rapidly within the last 2 years; the most important improvement, in the way of buildings is the court house, erected at a cost of $175,000, a number of business blocks and a fine hotel building. The press is represented by the *Republican*, issued daily and weekly, and the *Chronicle* and *Democrat*, weekly publications. In point of manufacture it stands very prominent, having 2 flour mills, stave factory, 3 planing mills, foundry, 2 saw mills, handle factory, saw works, linseed oil mill, hub factory and bentwood works. The Mississinewa river flows by the town and furnishes good water power. The chief exports

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

R. L. POLK & CO.

☞ **See that our Name is on Order before Signing.**

SOLDIERS or their heirs should have their rights investigated by **W. H. CORBALEY, ATTORNEY AT LAW,** 42 Vance Block, INDIANAPOLIS, IND., who has had 22 years experience. Correspondence solicited.

☞We have had EIGHTEEN YEARS' experience in investing money on Mortgage Security. Not a dollar of interest or principal lost. { THOS. C. DAY & CO., INDIANAPOLIS.

Van Winkle Charles L, general store and justice.

MICHIGAN CITY. Is an important manufacturing and commercial city of 9,000 inhabitants, located on Lake Michigan, in Laporte county, 12 miles northwest of Laporte, the county seat, 56 southeast of Chicago, and 161 northwest of Indianapolis. The transportation facilities of this place are very good. In addition to the lake traffic it has the following railroads : L N A & C, M C and I P & C Div W St L & P. The harbor here is one of the safest on the lake. Michigan City was platted in 1831, incorporated March 8, 1836, and is to-day the most important lumber market in the State. The city is handsome in appearance, has a large commercial trade, and is supplied with 10 churches, good public schools, 1 academy, public hall, 4 hotels, 2 banks, gas and water works, a well-equipped fire department, telephone exchange, and a number of substantial business blocks. It has a bonded debt of $35,000, and the assessed value of real and personal property aggregates $2,600,000. This is the location of the Indiana State Prison North.

The manufacturing industries of Michigan City are very extensive and steadily on the increase. The most prominent establishments include 2 planing mills, refrigerator works, flour mill, 2 chair factories, car works, 2 hosiery mills, brewery, cooper shop and carriage woodwork factory. The press is represented by the *Dispatch* and *Enterprise*, both of which are issued daily and weekly.

This city offers inducements to manufacturers that are unexcelled, and as a residence place it has no superior and but few equals. Lumber is the chief export. Ex, Am, U S and L N A & C. Tel, W U and Postal. John H Peters, postmaster.

MUNCIE. The judicial seat of Delaware county is a handsome city of 6,000 inhabitants, located on White river, 65 miles south of Ft Wayne, 54 northeast of Indianapolis and 45 northwest of Richmond. The railroads centering here are the L E & W, C C C & I and Ft W C & L. Muncie has improved very rapidly within the last five years; the court house now in course of construction at an estimated cost of $200,000 will, when completed, be one of the finest structures of its kind in the State. The city carries a bonded debt of $9,000, has real and personal property—assessed value—aggregating $1,205,395, and is supplied with gas and water works, a good fire department,public library of 4,000 volumes, an opera house with a seating capacity of 800, 3 banks and good hotels. The press is represented by 4 publications—the *Times* and *News* with daily and weekly editions, and the *Advertiser* and *Democrat* issued weekly only. The religious and educational advantages of this city are fully up to the standard, and comprise several handsome churches, 1 high and 3 graded schools.

This is essentially a manufacturing town, prominent among its manufactured products are engines, flour, organs, barrels, machinery, lumber, sash, doors and blinds, handles, hubs and spokes, flax, bagging skewers, corn planters, roller skates, brick, pumps, staves, drain tile, brooms, curry combs, carriages and heading. It has U S and Am Ex, and W U Tel offices. Robert I Patterson, postmaster.

SOUDERS & PRUTZMAN,

—INVENTORS AND PATENTEES OF THE—

Souders & Prutzman Brick and Tile Kilns.

Our BRICK KILN, patented December 11, 1883, is without doubt the LATEST AND BEST, as it has been produced after many years of experience with other kilns now in use. The heat is generated in fire boxes on each side of the kiln, from the boxes it passes in at the bottom of the brick through the opening, or it may be passed up in the flues near the top of the kiln. In all cases the fire is under perfect control, every part of the kiln may be kept uniform in burning. The number of fire boxes depends upon the length or diameter of the kiln. All kinds of fuel may be used, and such as could not be used in the old style kilns. We guarantee satisfaction to all who purchase our patent, and you can burn with ONE-THIRD LESS FUEL than with any other.

Our TILE KILN is in every way the same as our brick kiln, except that it has our ARCHED CORRUGATED FLOOR, and has no flues in the side walls. They may be made square or round, and in every case we will guarantee perfect satisfaction and a great saving of fuel and labor over all other kilns. One man can attend to our kilns without being busy half the time. Our ARCHED corrugated floor gives double the burning capacity of all others. Our kilns are scientifically constructed, and especially adapted for burning all kinds of ware made of clay. No experience is required to burn our kilns, and you have no loss or imperfect brick or tile when it is used. ☞ For territory, prices, or further particulars, address the inventors and patentees,

SOUDERS & PRUTZMAN
MUNCIE, INDIANA.

Mock Brothers,

Manufacturers and Patentees of the Celebrated

MOCK BRICK MACHINES,

For Moulding and Handling Clay and Brick Entirely by Machinery.

The different devices applied to the handling of the Clay before it is conveyed to the machine and the superior quality of brick as they are made, keeping time and working harmoniously together, are immense advantages over anything which has yet been introduced to expedite and cheapen the cost of manufacturing. By the use of this machine the process of Brick Making has been completely revolutionized, and a better article of brick is produced at a smaller cost than by any former process. One machine now in use is turning out 16,000 brick per day, at an expense for motive power and help of only $8. Horse power is employed here, but by the substitution of steam it is claimed that the capacity can be increased 100 per cent. or more at a very small additional expense.

JAY-EYE-SEE

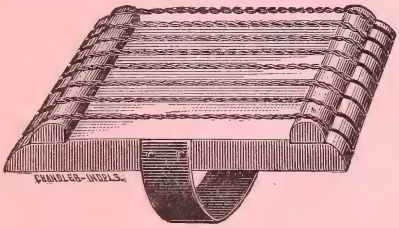
PATENT WIRE CURRY COMB

IS THE ONLY REALLY NEW THING IN THE CURRY COMB LINE.

It is humane; it lifts every hair.

Rubs and cleans the skin; does not cut and scratch it.

Currys a clipped horse.



Is simply supreme as a mud cleaner; dry mud, sweat, etc. removed in a twinkle. Is the only Comb made fit to use on horses' legs.

It cleans itself, and is a wonder for use on a shedding horse Must be seen to be appreciated. Sells at sight.

Send for Circulars, Prices and Discounts.

NEVIN. Is a recently established farmers' postoffice in Harrison county.

NEW ALBANY. Is a handsome manufacturing city of 20,000 inhabitants, the county seat of Floyd county, located on the Ohio river nearly opposite Louisville, Ky; 110 miles south of Indianapolis, 128 below Cincinnati and 344 southeast of Chicago. Its transportation facilities are very excellent, comprising the L N A & C, J M & I and L E & St L roads; it is connected with Louisville by ferry and rail, thus giving it the advantages of all roads centering there, and these with the water transportation of the Ohio, gives it ample facilities for marketing its immense manufactured and agricultural products. New Albany was platted in 1813, and is to-day one of the most progressive cities in Indiana. Its religious and educational advantages are unexcelled, and are represented by 23 churches of various religious denominations, 2 high and 10 graded schools, a business college and the celebrated DePauw College for Young Women. The city is governed by the mayor and common council, has an efficient police department, a fire department equipped with 3 hose reels and a hook and ladder truck, several miles of street railway, gas and water works, electric light, 1 private and 4 national banks, an opera house, several public halls, good hotels and substantial business blocks. The press of New Albany is represented by the *Ledger*, issued daily and weekly, and the *Herald*, *Public Press*, *Review Deutsche Zeitung*, weekly papers.

New Albany, for its size, is one of the most important manufacturing towns in Indiana, the manufactories here giving employment to over 4,000 hands; the DePauw American Plate Glass Works alone employing over 1,000, and this with several other mills, factories, etc., engaged in the manufacture of furniture, forgings, railroad iron, leather, woolen goods, cotton batting, brick, hosiery, castings, cooperage, oil stoves, boilers, engines, carriage wood stock, handles, boats, beer, stoves, brass goods, flour, boots and shoes, edge tools, fertilizers, lumber, spokes, carriages, glue, queensware, iron fence, sash, doors, blinds, tobacco boxes, car axles and pumps, comprise the principal manufacturing industries of the city.

This city has all the conveniences and facilities for manufacturing, and as a residence place it is unexcelled. It is now the second town in population, in Indiana, on the Ohio river, and is destined to become the first in manufacture in the near future. The Adams and L N A & C Ex,

Mrs. Dr. Wilcox guarantees a permanent removal of Tape Worms, and can be consulted at her office, 98 Bank Street, New Albany, Indiana. Persons suffering from Tape Worms need suffer no longer. The following are a sample of the hundreds of testimonials in the possession of Mrs. Dr. Wilcox, which she has received unsolicited :

TESTIMONIALS.

LEAVENWORTH, IND.

DR. W. M. WILCOX :

My son was afflicted with Epileptic Fits nearly five years, and we could not get anything to benefit him. I was induced to use your medicine. Four bottles cured him. I still keep the bitters in the house. Yours Truly, W. P. EVERDON.

Wm. Briggs, of the firm of Briggs Bros., Hardware Merchants, writes:

I can certify to the virtues of your medicines which have cured me of Dyspepsia and Catarrh of the Head. After trying the Hot Springs of Ark., and the advice of seven physicians, without any relief, my case was given up as hopeless by my friends. When I first commenced the use of your medicine I only weighed 82 pounds, and in three months I had gained 40 pounds, and am now in better health than ever before. WM. BRIGGS, New Albany, Ind.

CINCINNATI, OHIO.

I certify that my wife has been afflicted with Tape Worm for four years. She has been taking medicine for three years without doing any good. I am happy to state that you removed the entire worm (59 feet) within seven hours after the first dose of your medicine. FRANK SMITH.

GEORGETOWN, IND.

DR. W. M. Wilcox:

Dear Sir.—I have used your bitters in destroying worms in my children, also for a Tonic and Strengthening Cordial in general debility, and it proves to be in every respect the best preparation I ever used. W. W. TUCKER, M. D.

JEFFERSONVILLE, IND.

DR. W. M. WILCOX :

Sir.—Please fill my order immediately for your Bitters. They are more in demand than any medicine I keep in my store, and they give better satisfaction than any I have ever

Yours truly, R. H. LUMIS.

BUSINESS NOTICE.

NEW ALBANY, IND., January 14th, 1882.

I desire to state to the public that Mrs. Dr. W. M. Wilcox this day relieved me of a Tape Worm measuring sixty-five feet in length. I have been in poor health for the past fifteen years, and finally became unfit for business, not knowing to a certainty the cause of my ill health until within the last three months, when I commenced a correspondence with Mrs. Dr. W. M. Wilcox, and resulted in the expulsion of the worm as above stated. A. S. MCCANDLESS, M. D., Medairaville, Ind.

Address MRS. W. M. WILCOX,

98 BANK STREET, NEW ALBANY, INDIANA.

The Tape Worm Remedy is not sold on the market, but administered by herself only.

NEW CASTLE. Is located 1 mile east of the geographical center of Henry county, of which it is the judicial seat, on Blue river 44 miles east of Indianapolis. The railroad facilities are very good, comprising 4 roads, as follows: the Ft W C & L, I B & W, C St L & P and W W V, thus giving it ample and cheap transportation for its extensive manufactured and agricultural products. This town is the business center of one of the finest farming districts in Indiana. New Castle contains 3,000 inhabitants, carries a bonded debt of only $10,000, has real and personal property—assessed value—aggregating $1,115,400, and is supplied with excellent county buildings, fine business blocks, handsome residences, 7 churches, good public schools, 2 hotels and 2 banks. 3 newspapers are issued here, known as the *Democrat, Mercury* and *Courier*. The manufacturing industries of New Castle are very extensive, and rapidly on the increase; the more prominent establishments include 3 saw mills, 2 furniture factories, bentwood works, 2 carriage factories, 1 foundry, a grain cradle factory, 2 grain elevators, 1 flax mill, 1 tannery, 3 flour mills, 1 pork house, 1 woolen mill, a tile factory, several brick yards, handle factory and pump factory. Ex, Adams, Am and U S. Tel, W U. L S Denius, postmaster.

NOTRE DAME. Situated 2 miles north of South Bend, on M S R R, in St Joseph county, has no village population, but is the location of the best known educational institution in the West, namely, the University of Notre Dame for males and St Mary's Academy for females. The University of Notre Dame was founded in 1842 by the congregation of the Holy Cross, under the direction of the Very Rev E Sorin, and was chartered by the Legislature of the State of Indiana in 1842, with full power to confer all usual degrees, and now conducted by the President, Rev Thomas E Walsh, C S C. On April 23, 1879, the University was destroyed by fire. The present building, which was erected the same year that it was destroyed, is modern gothic, 224 feet front and 155 deep, with a projection or wing on each side directly connected with the main building, making a total frontage of 320 feet. The height of the main building from the ground to the pedestal on statue above the dome is 170 feet. Its facilities for education are briefly stated, being calculated to form both the heart and intellect of its students. The St Mary's Academy, under direction of the Sisters of the Holy Cross, is the best disciplined and most thorough institution of its class in the United States. The building, of brick, with stone dressing, is spacious and commodious, and one of the best constructed for educational purposes in the country. Situated on St Joseph's river and surrounded by 80 acres of land laid out in fine pleasure grounds, make it at once attractive and healthful. The popularity of the institution is shown by its patronage, as its list of pupils includes females from nearly every State in the Union. The proximity of Notre Dame and St Mary's is a great convenience to parents having children at both institutions, as a visit to each can be made at the same time. The University has W U Tel and Am and U S Ex offices in the building. Mail daily. E Sorin, postmaster.
Granger A Very Rev (Catholic).

PERU. This extensive manufacturing city of 8,000 inhabitants, the judicial seat of Miami county, is pleasantly located on the Wabash river, at crossing of main line and I P & C Div of the W St L & P R R, 75 miles from Indianapolis, 143 from Chicagp, and 56 from Ft Wayne. A settlement was formed here in 1832. It is to-day a handsome, well-built city, supplied with good county buildings, a number of handsome residences, substantial business blocks, gas and water works, well-equipped fire department, telephone exchange, fine opera house, 6 hotels and 3 national banks. Its educational and religious advantages are very good, and include several beautiful

church edifices, high and graded schools. 2 weekly newspapers are published, known as the *Republican* and *Miami County Sentinel.* Peru is the location of some of the most prominent manufactories in Indiana, which include 2 foundries, 2 sewing machine cabinet works, 2 saw mills, flax bagging factory, 3 flour mills, plow works, woolen mills, 2 breweries, planing mill, brick yard, and 1 cooper shop. The city carries a bonded debt of $135,000. It has considerable private wealth, a central location, good transportation facilities, fine churches and schools, healthy climate, and, in fact all advantages for manufacturing purposes. Ex, U S and Pacific. Tel, W U. G J Reed, postmaster.
